Vespers and Benediction of the Blessed Sacrament at 4 p. m.

Catechism at 2 p. m. JAMES DUNN, Pastor.

Tue champion carsman, Walter Brown, who has a boat building workshop in Boston, has lately built a single scull outrigger shell of Spanish cedar, 30 feet 7 inches long, 12 inches wide, and 65g inches deep amidships; 4 feet It inches wide across the row. locks, 9 inches deep aft, and 4 1-2 inches forward, which when completed will weigh only 24 pounds. She is nearly finished now, and weighs only 18 pounds. He claims that with fair usage she will last three years sa a race and practice boat. He is building a boat for his own use, of the same size, which will weigh only nineteen pounds. The lightest boat heretofore built, of the same size, was that in which Brown rared at Pittsburgh last September. This was made of paper, and weighed 27 12 pounds.

Sairons of every nationality, in New York, to the number of twelve or fifteen hundred, have struck for thirty dollars per menth. They marched in procession to Franklin Square, where speeches were made by several parties in denunciation of the acts of shipmasters in reducing the wages to sixteen dollars, and it was resolved that quantity of the gas will at once throw down no sailor should leave port under less pay than thirty dellars. Any doing so were promised rough treatment. The men then murched down South street, cheering one firm who expressed a willingness to give the advance, groaning for others who refused, and finally dispersed.

Tue sale of pews in the new Presbyterian Church at Franklin took place on Saturday. About two-thirds of the seats were sold, and the sum realized amounted to over six thousand dollars. The highest price paid for a per was \$325, subject to a yearly rental of sixty dollars. The church edifice is nearly finished, is very fine and will cost about \$35,000. A fine organ has been purchased and will be placed in the building in a few weeks.

Tuz celebrated Arlington Minstrels will give one of their justly celebrated entertainments at the Opera House this evening. This is decidedly the best minatrel troupe now traveling in the country, and draws crowded houses wherever it goes. Petrole- baving recently published a book censuring A mass meeting was held in the afternoon, um Centre will be no exception to the gen- the luxury of women and the extravagance at which it was reported all of the principal eral rule. The company performs here only of their dress, has been rewarded by a letter one night.

THE new county bill comes up in the State Senate to-day. The Titusviile Herald conce es that its defeat in that body is not at all improbable, on account of the lilness of Senator Lowry, the great champion of the measure. We sincerely regret the illness of Sepater Lowry, but shell rejoice in the deleat of the new county bill.

WE are requested to state that a Literary Society has been organized on the Eclectic tract. The first meeting was held last Saturday, at which officers were elected. The next meeting will be held at the school house, on the farm, next Friday evening.

Tun Titusville Herald claims that Enterprime is to be the scene of a great oil excitethroughout the oil region.

THE New York Herald says the milleni-Herald as very good authority upon such

Colonel Albigence Waldo Putmas died at Nashville last week. The Republican Banner says that Putman was born at Marietta, Ohio, on the 11th of March, 1790, and was therefore within a few weeks of being seventy years of age at the time of his decease. -He was a great grandson of General Israel Putman, of revolutionary memory. Much of his life, which was an eventful one, was spent in Mississippi, principally at Port Gibson, in the practice of law. About 1826 he settled in Nushville, where he has been a leading citizen. His literary labors are identified with the history of middle Tennessee. During the past three or four years be was connected with the United States internal revenue collector's office in Nash-

The bark Cadet, loaded with earthenware, consigned to Wright & Co., of Philadelphia arrived in port on Saturday, after a voyage of three months and eleven days from Liverpool. She encountered a succession of terrific gales, which drove her to sea five Twice she was driven off Hatteras, the money. and twice blown far to sea after having reached the mouth of the Cheaspeake. The crew fourteen in number, were for days without provisions, and for weeks half naked STS. PETER AND PAUL'S (CATHOLIC) and up to their waists in water. They CHURCH. worked the pumps night and day to keep the bark affoat, and but for the assistance of passing vessels, on three occasions, all would have starved to death. She arrived without the loss of a man, spar or rope.

> A letter from Java contains the following intelligence: A disputch received from Constantinople announces that the Turkish empire is menaced by one of the most dangerons revolutions that have occurred in that country since the conspiracy of the Janissaries. The whole Mohammedan clergy have rison in a boly crusade against the Christians, and have unfortunately carried the population with them. At Stamboul one of the most popular men Sariyerly Effendi, is preaching a war against Greece. and what is worse, against the Sultan himself. He has made an appeal to the people from his pulpit and urged them to upset the present government, to unfurl the Mohammedan standard and to save the Koran from the ambushes of its enemies.

> An ingenious apparatus for giving an alarm in case of the presence of carbonic oxide or coal gas in a room has recently been invented by a mechanic residing in Berlin, Prussia. It consists of a galvanic battery with a bell, and a glass tube filled with liquid chloride of palladium. This metallic salt is extremely sensitive to the pressure of carbonic oxide gas. A small some of the metal from the solution, and this precipitate collecting at the bottom of ringing of a bell will warn the sleeper of his

THE shrill whistle of the railway engine ta soon to be heard in Persis. The Shah has granted to a company of English capitalists the exclusive right to construct rail- in the offer to General Scott, by the Mexiways in the country for twenty years. These capitalists begin operations with a short road extending from the capital to the resort for plous Teheranees. Ground has been broken, and the engineer employed estimates that the line can be constructed Sooner or later, this substantially will be thousand devotees a week will, he rockons, yield a very remunerative dividend, exclusive of an eight per centum gnarantee.

A French lady, Mile. Marie de Gentelles. from the Pape highly approving of the work. Company had assented to the arrangement In his latter, Pius 1X, recalls the fact that The printers regard the success of the strike in October last he felt compelled to say as all but certain. a few words on the same subject to the people of Rome. The substance of his present remarks is, that women who spend too much thought on dress have none left for religion or family duties. In conclusion he says that if wives wish to gain the esteem and affection of their husbands, they do not need costly and splendid toilets, but have only to cultivate their hearts and minds.

DAKOTA has gone back on the women .-The Woman Suffrage bill passed the House and was approved by the Council with an amendment submitting the question to the people. The House refused to accept this condition and the Conneil was determined meat during the present season. It is our that the busbands and fathers, likewise the opinion that the excitement will be general old bachelors, should first have their say on the question, so between the two stools the whole matter fell to the ground and the wo- fice from Iowa: um is close at hand. We don't regard the men flirt their petticoals ludignantly as they pass the Dakota legislators on the Street's.

The friends of Rev. C. M. Heard should diss Reno's oath of vengence against the remember the Donation Party to be held at Saymour Regulators, is said to be the inthe Control House, to morrow evening. The pathetic and dramatic story about
